

What if ... one connection could spark a breakthrough?

30+
Years

150+
Live & Virtual
Events

Uniting today's leading
researchers, scientists
and technologists
to inspire discovery

Conference Catalog

January 2024 – September 2024

Healthtech.com

CHI is a Division of
 Cambridge **Innovation** Institute
RESEARCH • COLLABORATION • ADVANCEMENT

TABLE OF CONTENTS

Short Courses	4
Conference By Series	
Biological Therapeutic Products	5
Therapeutic Indications	6
Drug and Device Safety	6
Detection	6
Informatics and IT	7
Chemistry	7
Bioprocess and Manufacturing	8
Clinical Trials & Translational Medicine	9
BioPharmaceutical Strategy	9
Biomarkers and Diagnostics	10
Drug Targets	10
Technology and Tools for Life Sciences	11
Cambridge VIP	11
Drug Discovery & Development	12
Conferences by Date with Detail	13

ABOUT CAMBRIDGE HEALTHTECH INSTITUTE

For 30+ years, Cambridge Healthtech Institute has developed more than 800 conferences, which have attracted over 60,000 attendees from around the world. CHI is the industry leader in offering quality programs that provide valuable new insights and competing points of view while offering balanced coverage of the latest developments in the life science industry. Leading researchers and business experts from top pharmaceutical, biotech, and academic organizations present their most current findings in a forum that features panel discussions and audience participation.

Each year, CHI organizes over 150+ Live & Virtual Events geared to the biotech and pharmaceutical industries with specific focuses on Biomarkers, Genomics, Proteins and Proteomics, Drug Discovery & Development, IT and Informatics, Chemistry, Diagnostics & Safety, and Business.

For a comprehensive listing and detailed information about our products and services, please visit: healthtech.com.

CLIENT RELATIONS

Pamela Gerardi
Director, Client Relations
E: pgerardi@healthtech.com | T: 781-972-5409

Kris Waterman
Client Relations Manager
E: kwaterman@healthtech.com | T: 781-972-5413

MARKETING

Jim MacNeil
Vice President of Marketing
E: jmacneil@healthtech.com | T: 781-972-5441

Rich Handy
Senior Director of Marketing
E: rhandy@healthtech.com | T: 781-972-5456

SPONSOR & EXHIBIT SALES

Patty Rose
Sales Director
E: prose@healthtech.com | T: 781-972-1349

Ilana Quigley
Assistant Sales Director
E: iquigley@healthtech.com | T: 781-972-5457

GROUP SALES

David Cunningham
Director, Inside Sales
E: cunningham@healthtech.com | T: 781-972-5472

GRAPHICS

Thomas Norton
Design Director
E: tnorton@healthtech.com | T: 781-972-5440

PRODUCTION

Edel O' Regan, Ph.D.
Vice President of Production
E: eoregan@healthtech.com | T: 781-972-5423

Christina Lingham
Executive Director, Conferences and Fellow
E: clingham@healthtech.com | T: 781-972-5464

Mary Ann Brown
Executive Director of Conferences
E: mabrown@healthtech.com | T: 781-972-5497

Julia Boguslavsky
Executive Director of Conferences
E: juliab@healthtech.com | T: 760-732-3139

Micah Lieberman
Executive Director of Conferences
E: mlieberman@healthtech.com | T: 541-482-4709

Marina Filshtinsky
Executive Director of Conferences
E: mfilshtinsky@healthtech.com | T: 781-97205496

Cambridge Healthtech Institute

250 First Avenue, Suite 300 | Needham, MA 02494
T: (781) 972-5400 or Toll-free in the U.S. 888-999-6288
F: (781) 972-5425

KEY EVENTS

JANUARY 16-19, 2024
SAN DIEGO, CA
SAN DIEGO HILTON BAYFRONT

23rd Annual
SPEPTALK

THE PROTEIN SCIENCE AND PRODUCTION WEEK

15th Annual
SCOPE
SUMMIT FOR CLINICAL OPS EXECUTIVES

Driving Innovation in Clinical Trials & Digital Health

February 11-14, 2024
Rosen Shingle Creek
Orlando, FL

31st International
Precision Med TRI-CON

March 26-28, 2024
Hilton San Diego Bayfront
San Diego, CA & Virtual

APRIL 1 - 4, 2024
HILTON BAYFRONT 1 - SAN DIEGO, CA & VIRTUAL

19th ANNUAL
Drug Discovery Chemistry

Optimizing Small Molecules for Tomorrow's Therapeutics

Building a Global Network for Precision Medicine

23rd Annual
Bio-IT World
CONFERENCE & EXPO

APRIL 15-17, 2024
BOSTON, MA & VIRTUAL

20th Annual
PEGS BOSTON

MAY 13-17, 2024 | BOSTON, MA
OMNI BOSTON HOTEL AT THE SEAPORT NEW VENUE

The Essential Protein & Antibody Engineering Summit

AUGUST 7-9, 2024
HILTON PHILADELPHIA AT PENN'S LANDING
PHILADELPHIA, PA + VIRTUAL

1-0
CAMBRIDGE HEALTHTECH INSTITUTES 10th ANNUAL
Immuno-Oncology SUMMIT 2024

Connecting the Immunotherapy Community to Drive Innovation and Collaboration

#IOSummit
Immuno-OncologySummit.com

Cambridge Healthtech Institute's
16th ANNUAL
BIOPROCESSING SUMMIT

August 19-22, 2024
Boston, MA
Sheraton Boston
+ Virtual

How Are You Developing Your Clinical Research Workforce?

- » Role-based training for key clinical research roles
- » Subscription-based access to Barnett's numerous resources
- » Licensing of Barnett's content and train-the-trainer programs
- » On-demand company-wide GCP training
- » Training strategy consulting
- » Publications, reference guides and job aids

Let Barnett help you to
Maximize Your Training & Development Initiatives
while leveraging our resources for your teams.

BARNETT  INTERNATIONAL

Short Courses

Battery Safety & Abuse Tolerance Validation

March 12, 2024 • Orlando, FL

Technoeconomic Analysis

March 12, 2024 • Orlando, FL

Sodium-ion Batteries

March 12, 2024 • Orlando, FL

In-Depth Analysis of the Chinese xEV Battery Industry

March 12, 2024 • Orlando, FL

Technical Approaches to Li-ion Battery Recycling

March 12, 2024 • Orlando, FL

Solid-State Batteries

March 12, 2024 • Orlando, FL

Accelerating EV Battery Design through Simulation

March 12, 2024 • Orlando, FL

Cell and Pack Design

March 12, 2024 • Orlando, FL

Latest Developments on the Safe Transport and Storage of Lithium Batteries

March 12, 2024 • Orlando, FL

The Rechargeable Battery Market: Value Chain & Main Trends

March 12, 2024 • Orlando, FL

Li-ion Battery Safety & Thermal Runaway

March 12, 2024 • Orlando, FL

Improving the Energy Density of Batteries with Silicon-Based Anodes

March 12, 2024 • Orlando, FL

Safety, Reliability & Performance for Energy Storage Projects

March 12, 2024 • Orlando, FL

Battery Sustainability

March 12, 2024 • Orlando, FL

Cell Passport—Designing Li-ion Rechargeable Cell Data Sheets

March 12, 2024 • Orlando, FL

Li-ion Cell Design for Manufacturing

March 12, 2024 • Orlando, FL

RNA Editing: Applications & Insights

March 12, 2024 • Boston, MA

Safety & Toxicity of Nucleic Acids

March 12, 2024 • Boston, MA

Protein Degraders: A Beyond Rule of Five Space and in vitro ADME Perspective

April 1, 2024 • San Diego, CA

DNA-Encoded Libraries

April 1, 2024 • San Diego, CA

Fundamentals of Generative AI for Drug Discovery

April 1, 2024 • San Diego, CA

Drug Design: Advancing Tools and Technologies

April 1, 2024 • San Diego, CA

Principles of Drug Design: Ligand-Receptor Interactions and More

April 3, 2024 • San Diego, CA

Protein Degraders: An in vivo ADME and Safety Perspective

April 3, 2024 • San Diego, CA

Chemical Biology for Covalent Discovery, Phenotypic Screening, and Target Deconvolution

April 3, 2024 • San Diego, CA

Data Science in Practice: Embracing the Challenges, Unleashing the Possibilities

April 15, 2024 • Boston, MA

Semantic Management Technologies and Processes: An Agile Framework to Enable Innovation

April 15, 2024 • Boston, MA

Generative AI 101: Demystifying for Drug Discovery Research

April 15, 2024 • Boston, MA

Biomedical Digital Twins

April 15, 2024 • Boston, MA

Digitalization of Pharma R&D—Master the Marathon

April 15, 2024 • Boston, MA

Large Language Models and Their Practical Applications within Novartis: Best Practices and Use Cases

April 15, 2024 • Boston, MA

Introduction to Terra on Azure

April 15, 2024 • Boston, MA

Unlocking the Power of Data & AI for Drug Discovery

April 15, 2024 • Boston, MA

Instrument-Driven Discovery for the 99%: Modern Infrastructure for Research

April 15, 2024 • Boston, MA

How to Use and Improve Microbial Expression Systems for Recombinant Protein Production

May 12, 2024 • Boston, MA

In silico and Machine Learning Tools for Antibody Design and Developability

Predictions

May 12, 2024 • Boston, MA

Practical Bioanalytical Method Validation by LC-MS/MS

May 12, 2024 • Boston, MA

Safety and Efficacy of Bispecifics and ADCs

May 12, 2024 • Boston, MA

Targeting Solid Tumors and Understanding the TME

May 12, 2024 • Boston, MA

Solid-State Batteries

May 13, 2024 • Strasbourg

Rechargeable Battery Market: Value Chain and Main Trends

May 13, 2024 • Strasbourg

Sustainability in the Automotive Battery Value Chain

May 13, 2024 • Strasbourg

Cell & Pack Design for xEVs

May 13, 2024 • Strasbourg

Materials and State of the Art

May 13, 2024 • Strasbourg

Battery Intelligence

May 13, 2024 • Strasbourg

Improving the Energy Density of Batteries with Silicon-Based Anodes

May 13, 2024 • Strasbourg

In-Depth Analysis of the Chinese xEV Battery Market

May 13, 2024 • Strasbourg

Battery Safety and Abuse Tolerance Validation

May 13, 2024 • Strasbourg

Recycling Methods

May 13, 2024 • Strasbourg

The Use and Optimization of Eukaryotic Expression Systems to Support Therapeutic Generation and Structural Biology

May 14, 2024 • Boston, MA

Best Practices for Targeting GPCRs, Ion Channels, and Transporters with Monoclonal Antibodies

May 14, 2024 • Boston, MA

Developability of Bispecific Antibodies

May 14, 2024 • Boston, MA

Factors Leading to Successful T Cell Therapies

May 14, 2024 • Boston, MA

PepTalk- The Protein Science & Production Week

January 16 - 19, 2024 • San Diego, CA

Viral Vector Engineering & Scale-Up Considerations

January 16 - 17, 2024 • San Diego, CA

Developability of Bispecific Antibodies

January 16 - 17, 2024 • San Diego, CA

Cell Line Optimization

January 16 - 17, 2024 • San Diego, CA

Safety & Efficacy of Bispecific Antibodies, ADCs and Combination Therapy

January 18 - 19, 2024 • San Diego, CA

Recombinant Protein Expression & Production

January 18 - 19, 2024 • San Diego, CA

OPT Congress: Oligonucleotide & mRNA Therapeutics

March 13 - 14, 2024 • Boston, MA

Cell Culture and Bioproduction

March 19 - 20, 2024 • Barcelona

Advances in Recovery and Purification: Part 1

March 19 - 20, 2024 • Barcelona

Gene Therapy CMC and Analytics

March 19 - 20, 2024 • Barcelona

Analytics and Characterisation

March 19 - 20, 2024 • Barcelona

Cell Therapy CMC and Manufacturing

March 19 - 20, 2024 • Barcelona

Cell Line Development

March 20 - 21, 2024 • Barcelona

Intensified and Continuous Processing

March 20 - 21, 2024 • Barcelona

Advances in Recovery and Purification: Part 2

March 20 - 21, 2024 • Barcelona

Formulation and Stability

March 20 - 21, 2024 • Barcelona

Gene Therapy Manufacturing

March 20 - 21, 2024 • Barcelona

Generative AI & Predictive Modeling

April 1, 2024 • San Diego, CA

AI/Machine Learning for Early Drug Discovery: Part 1

April 2 - 3, 2024 • San Diego, CA

Degraders & Molecular Glues: Part 1

April 2 - 3, 2024 • San Diego, CA

RNA-Modulating Small Molecule Drugs

April 3 - 4, 2024 • San Diego, CA

Degraders & Molecular Glues: Part 2

April 3 - 4, 2024 • San Diego, CA

AI/Machine Learning for Early Drug Discovery: Part 2

April 3 - 4, 2024 • San Diego, CA

healthtech.com

Immuno-Oncology Summit Europe

April 23 - 25, 2024 • South Quay London

Modulating the Tumour Microenvironment

April 23 - 24, 2024 • South Quay London

Therapeutic Cancer Vaccines

April 23 - 24, 2024 • South Quay London

Next Generation Cell-Based Immunotherapies

April 24 - 25, 2024 • South Quay London

Bispecific and Multispecific Antibody Therapeutics

April 24 - 25, 2024 • South Quay London

Display of Biologics

May 13 - 14, 2024 • Boston, MA

Difficult-to-Express Proteins

May 13 - 14, 2024 • Boston, MA

Digital Integration in Biotherapeutic Analytics

May 13 - 14, 2024 • Boston, MA

Advances in Immunotherapy

May 13 - 14, 2024 • Boston, MA

Antibodies for Cancer Therapy

May 13 - 14, 2024 • Boston, MA

Emerging Indications for Therapeutic Antibodies

May 13 - 14, 2024 • Boston, MA

Engineering Antibodies

May 14 - 15, 2024 • Boston, MA

Biophysical Methods

May 14 - 15, 2024 • Boston, MA

Optimizing Protein Expression

mRNA Development, Analytics and Manufacturing

August 19 - 20, 2024 • Boston, MA

**Therapeutic Indications
SERIES****Characterization of Biotherapeutics**

January 16 - 17, 2024 • San Diego, CA

Developability of Bispecific Antibodies

January 16 - 17, 2024 • San Diego, CA

**Safety & Efficacy of Bispecific
Antibodies, ADCs and Combination
Therapy**

January 18 - 19, 2024 • San Diego, CA

**Characterizing Protein Aggregates &
Impurities**

January 18 - 19, 2024 • San Diego, CA

**OPT Congress: Oligonucleotide &
mRNA Therapeutics**

March 13 - 14, 2024 • Boston, MA

Precision Med TRI-CON

March 26 - 28, 2024 • San Diego, CA

Liquid Biopsy

March 26 - 27, 2024 • San Diego, CA

**Rare Disease Genomics and
Diagnostics**

March 27 - 28, 2024 • San Diego, CA

Multi-Cancer Early Detection

March 27 - 28, 2024 • San Diego, CA

**Covalent Modifications & Induced
Proximity**

April 1, 2024 • San Diego, CA

Targeting Transcription Factors

April 1, 2024 • San Diego, CA

Generative AI & Predictive Modeling

April 1, 2024 • San Diego, CA

**AI/Machine Learning for Early Drug
Discovery: Part 1**

April 2 - 3, 2024 • San Diego, CA

Small Molecule Immuno-Modulators

April 2 - 3, 2024 • San Diego, CA

**Degraders & Molecular Glues:
Part 1**

April 2 - 3, 2024 • San Diego, CA

RNA-Modulating Small Molecule Drugs

April 3 - 4, 2024 • San Diego, CA

**Degraders & Molecular Glues:
Part 2**

April 3 - 4, 2024 • San Diego, CA

**AI/Machine Learning for Early Drug
Discovery: Part 2**

April 3 - 4, 2024 • San Diego, CA

Automation, Digital Lab, and Robotics

April 15, 2024 • Boston, MA

**AI for Oncology, Precision Medicine,
and Health**

April 16 - 17, 2024 • Boston, MA

**Next Generation Cell-Based
Immunotherapies**

April 24 - 25, 2024 • South Quay London

**Bispecific and Multispecific Antibody
Therapeutics**

April 24 - 25, 2024 • South Quay London

Display of Biologics

May 13 - 14, 2024 • Boston, MA

Advances in Immunotherapy

May 13 - 14, 2024 • Boston, MA

Antibodies for Cancer Therapy

May 13 - 14, 2024 • Boston, MA

**Emerging Indications for Therapeutic
Antibodies**

May 13 - 14, 2024 • Boston, MA

Engineering Antibodies

May 14 - 15, 2024 • Boston, MA

Cell-Based Immunotherapy

May 14 - 15, 2024 • Boston, MA

**Advancing Bispecific Antibodies and
Combination Therapy to the Clinic**

May 14 - 15, 2024 • Boston, MA

**Immunogenicity Assessment and
Management**

May 14 - 15, 2024 • Boston, MA

**Emerging Targets for Oncology and
Beyond**

May 14 - 15, 2024 • Boston, MA

mRNA Therapeutics

May 14 - 15, 2024 • Boston, MA

Engineering Bispecific Antibodies

May 16 - 17, 2024 • Boston, MA

**Driving Clinical Success in Antibody
Drug Conjugates**

May 16 - 17, 2024 • Boston, MA

In vivo Cell and Gene Engineering

May 16 - 17, 2024 • Boston, MA

Immuno-Oncology Summit

August 7 - 9, 2024 • Philadelphia, PA

**Drug & Device
Safety Series****Viral Vector Engineering & Scale-Up
Considerations**

January 16 - 17, 2024 • San Diego, CA

Quality & Monitoring

February 11 - 14, 2024 • Orlando, FL

Med Device Trials

February 11 - 14, 2024 • Orlando, FL

Precision Med TRI-CON

March 26 - 28, 2024 • San Diego, CA

**Bispecific and Multispecific Antibody
Therapeutics**

April 24 - 25, 2024 • South Quay London

**Advancing Bispecific Antibodies and
Combination Therapy to the Clinic**

May 14 - 15, 2024 • Boston, MA

**Immunogenicity Assessment and
Management**

May 14 - 15, 2024 • Boston, MA

Advances in CART Therapy

PepTalk: The Protein Science and Production Week

January 16-19, 2024

PepTalk provides a comprehensive program and innovative solutions for optimizing biotherapeutics. Conference tracks cover a range of topics including antibody engineering, bispecific antibody development, characterization of biologics, viral vector engineering, and protein expression platforms. Learn from expert speakers, engage with a devoted community, and gain valuable tools to advance your research. Join us for four days of immersive learning, world-class presentations, poster sessions, keynotes, breakout groups, panel discussions, training seminars, exhibitions, and collaboration and networking opportunities.

Digital Healthcare Innovation Summit West

February 6-7, 2024

Join leading healthcare innovators and investors at the 3rd Annual West Coast Digital Healthcare Innovation Summit (DHIS) in La Jolla, CA. We'll examine and discuss the most timely and important issues facing the field now. Catch lively panels, take part in interactive breakouts, and network with industry leaders throughout. Investors, startups & emerging companies, tech companies, payers, providers, and veteran advisors will all be attending this premier boutique event. Be a part of the community fueling healthcare innovation!

Summit for Clinical Ops Executives (SCOPE)

February 11-14, 2024

Clinical trials and clinical research are essential for advancing medical knowledge, improving patient care, and developing new treatments and therapies for the patients who need them. Execution of this vital work requires collaboration, innovation, and strategic decision-making. Now in its 15th year of fostering these joint efforts to advance our medical knowledge inclusive of all stakeholders, SCOPE Summit 2024 will take place February 11-14, 2024, in Orlando, FL at the Rosen Shingle Creek. Over four stimulating days of in-depth discussions and networking in 29 different conferences, a bustling exhibit hall with 200 companies, 3 plenary keynote sessions, the 8th annual Participant Engagement Awards, the inaugural Site Innovation Award, special cross-department panels, the 3rd annual Master of Clinical Research golf tournament, a Big Game Tailgate Party, and a boutique investor conference, the programming focuses on advances and innovative solutions in all aspects of clinical trial innovation, planning, management, operations, and investment. SCOPE welcomes more than 3,500 attendees, 850 different organizations, from 27 countries, in clinical operations, clinical trials, innovation, and research.

OPT Congress: Oligonucleotide & mRNA Therapeutics

March 13-14, 2024

OPT Congress is the premier conference for scientists and clinicians involved in discovering and developing oligonucleotides as therapeutics. NEW for 2024 we are delighted to expand our content and offer 3 conference programs dedicated to mRNA therapeutics to complement our established Oligo Discovery & Delivery and CMC & Regulatory programs. Now in its 9th year, this unique event brings together leading chemists, biologists, toxicologists, CMC experts, regulatory specialists and technology providers to discuss advances in next-generation oligonucleotides and mRNA therapeutics. In addition to 2 days of inspiring keynotes, interactive discussions and more than 95 scientific presentations, we deliver 2 in-depth, pre-conference dinner short courses. We look forward to having you join us for this important scientific and networking event, that offers robust and customizable programming.

Bioprocessing Summit Europe

March 19-21, 2024

Bioprocessing Summit Europe brings together 750+ upstream, downstream, bioproduction, analytical and formulation professionals to advance the manufacture, quality and control of biological and genetic therapies, and new for 2024, Alternative Proteins such as Cultured Meat. This 3-day, 12 track meeting has quickly become a premier meeting in the European bioprocessing calendar and is regarded by many as "the fastest growing bioprocessing meeting in Europe" following record growth in 2023 – 500 to 700+ attendees – including a sold-out Exhibit Hall of 65 Solution Providers. We look forward to seeing you in Barcelona on 19-21 March 2024, with expanded content on downstream processing, smart and sustainable bioproduction, cell and gene therapy, alternative proteins, and a vastly bigger Exhibit Hall.

Precision Med Tri-Con

March 26-28, 2024

For 3 decades, the Precision Med TRI-CON has served as the leading international meeting place for the diagnostics and precision medicine community. Join thousands of international thought leaders to discuss the latest research, technologies, innovation and business models in implementing precision medicine, biomarkers and companion diagnostics, genomic medicine, and precision health; innovation and market access strategies for at-home diagnostics, point-of-care testing and molecular diagnostics for infectious diseases; liquid biopsy and advanced diagnostics for precision oncology, including multi-cancer early detection and minimal residual disease testing. Emerging implications of faster and cheaper sequencing, AI and digital tools, spatial biology and single-cell multiomics in advancing precision medicine will be covered in 2024. Join us in sunny San Diego for the in-person networking and visionary and thought-provoking keynote discussions you've come to expect from the TRI-CON!

Drug Discovery Chemistry

April 1-4, 2024

Drug Discovery Chemistry is a dynamic conference for medicinal and biophysical chemists working in pharma, biotech, and academia. Focused on discovery and optimization challenges of small molecule drug candidates, this event provides many exciting opportunities for scientists to create a unique program to hear presentations most suited to one's interests by going back and forth among concurrent tracks. Last year's event was our largest ever! For more, see our testimonial video and photo gallery. Speakers from industry are once again strongly represented, including AbbVie, Astex Pharmaceuticals, AstraZeneca, Bristol Myers Squibb, Chugai Pharmaceutical Co., Genentech, GlaxoSmithKline, Janssen, Merck, Novartis, Pfizer, Roche, Sanofi, Takeda Pharmaceuticals, and more.

Immuno-Oncology Summit Europe

23-25 April 2024

Now into our 8th year, CHI's Immuno-Oncology Summit Europe is the premier event for immuno-oncology professionals who want to learn about the latest advancements and innovations in the field. The Summit will take place on 23-25 April 2024 in London, one of the world's leading hubs for biomedical research and clinical development. With a comprehensive agenda encompassing four distinct yet related programs - Modulating the Tumour Microenvironment, Next Generation Cell-Based Immunotherapies, Bispecific and Multi-specific Antibody Therapeutics and Therapeutic Cancer Vaccines, the Summit promises to be a forum for the exchange of cutting-edge research, and a platform for collaboration among the global immuno-oncology community. Highlights include a plenary keynote session featuring 2 distinguished speakers; engaging breakout discussions that bring peers together to chat about the most pressing or contentious topics; a balanced faculty of industry and academia speakers; posters showcasing innovative studies and an Exhibit Hall gathering the technology leaders in the IO space. Join us at the Immuno-Oncology Summit Europe 2024 to meet peers, exchange ideas, and find collaborators to accelerate your next IO program.

Bio-IT World Conference & Expo

April 15-17, 2024

The Bio-IT World Conference & Expo is the world's premier event showcasing the technologies and analytic approaches that solve problems, accelerate science, and drive the future of precision medicine. The Event unites a community of leading life sciences, pharmaceutical, clinical, healthcare, informatics, and technology experts in the fields of biomedical research, drug discovery & development, and healthcare from around the world. During April 15-17, 2024, our 23rd annual event will once again host the conversations that connect people, ideas, and opportunities that are advancing research and innovation. Join your colleagues for updates from inspiring keynotes, more than 200 presentations, and 3 days of interactive discussion.

PEGS Boston Summit

May 13-17, 2024

The PEGS Boston Summit brings together leading experts at the forefront of biologics innovation, providing insights into the latest technologies, research, and advancements in drug development, protein and antibody engineering, immunotherapy, immunogenicity, expression platforms, multi-specific antibodies, machine learning and AI in biologics, and more. PEGS Boston features main conference sessions as well as deep dive training seminars and topic-focused short courses. PEGS Boston Summit is your number one resource for protein engineering updates and is the conference to attend in 2024 to network, collaborate, and learn from the industry's best.

Digital Healthcare Innovation Summit East

June 5-6, 2024

Join leading healthcare innovators and investors at the Digital Healthcare Innovation Summit (DHIS) in Boston, MA. We'll examine timely topics, such as direct-to-consumer healthcare, underserved populations, important regulatory or policy changes, distributed vs. centralized care, women's health, IaaS and IoT in healthcare, and more. Catch lively panels, take part in interactive breakouts, and network with industry leaders in this tight community. Investors, startups & emerging companies, tech companies, payers, providers, and veteran advisors will all be attending, so don't miss out. This premier boutique digital health event helps fuel healthcare innovation – be a part of it!

Strategic Alliance Management Congress

June 11-12, 2024

In the ever-evolving landscape of biopharmaceuticals, the key to innovation and market access lies in forming powerful partnerships. The ability to effectively launch, and systematically and effectively manage these partnerships has become a strategic imperative. Alliance Management, the heart and soul of collaborative success, serves as the catalyst for generating substantial value, eliminating roadblocks, and achieving alliance objectives. Now celebrating its twenty-first year, Cambridge Healthtech Institute's Strategic Alliance Management Congress brings together the best and brightest alliance management, business development and licensing professionals. This is where the magic happens – join the vibrant dialogue, explore illuminating case studies, and unearth the essential components that foster thriving partnerships and successful alliance teams and portfolios. Be part of the community and take your career to the next level. Gain strategic insights, explore proven tools, and adopt transformative perspectives from the leaders who are redefining and advancing the art of alliance management.

Medtech MVP

June 17-18, 2024

Medtech MVP is an annual gathering of the leading innovators, investors and executives from around the nation discussing the timeliest issues and opportunities. This conference features candid discussions (panels or 1-on-1 conversations) that explore relevant topics for medtech innovators and business leaders as well as ample networking in a tight community. The many years of successful Medtech MVP programming have relied on insightful and beneficial perspectives and recommendations from our various keynotes and panels.

Immuno-Oncology Summit

August 7-9, 2024

For the past 12 years, CHI's Immuno-Oncology Summit has grown into the premier annual meeting for advancing biotherapeutics. This summit offers a comprehensive 3-day 6-track program, exploring bi- and multi-specific biotherapeutics, highlighting the latest developments in CAR T therapies, emerging targeting technologies, personalized immunotherapy, cell-based immunotherapies, and addressing the challenges of overcoming tumor resistance. Attendees delve into predictive models, tumor microenvironment modulation, and the increasing role of AI and machine learning in cancer immunology. The summit serves as a vital platform for exchanging high-quality research and fostering collaboration in the ever-evolving landscape of immuno-oncology. Every year, 375+ thought leaders and influencers from industry and academia converge to showcase the latest breakthroughs in Cancer immunology. Beyond the enriching discussions, the dynamic venue fosters extensive networking and collaborative opportunities, empowering teams to focus on their objectives. We look forward to seeing you in Philadelphia this August 7th-9th where we convene to advance our understanding of the immune system, propelling the development of next-generation immunotherapies to optimize patient treatment outcomes.

Next Generation Dx Summit

August 19-21, 2024

Cambridge Healthtech Institute is proud to present the 16th Annual Next Generation Dx Summit which will take place at the Capital Hilton in Washington, D.C., on August 19-21, 2024. The Next Generation Dx Summit is the nexus for international thought leaders to discuss diagnostic advancement and technology innovation. This year's event provides a valuable window on the state-of-the-art forecasting and future trends in point-of-care and decentralized testing, infectious disease, liquid biopsy, multi-cancer early detection, reimbursement, regulation, and companion diagnostics to improve the standard of care in medicine. This must-attend Summit offers incomparable networking and complete coverage of the most timely and important topics for the industry.

Bioprocessing Summit

August 19-22, 2024

Join us as we bring together thought leaders and pioneers in bioprocess R&D, scale-up, quality, and analytics. Explore cutting-edge research, exchange insights with industry experts, and chart the course for advancements that will shape the future of bioprocessing. The Summit features main conference sessions, in-depth training seminars, a 1-day investor conference for C-level executives, a workshop dedicated to talent recruitment, acquisition and retention strategies, an engaging exhibit hall and a plethora of networking opportunities. Elevate your knowledge, expand your network, and be at the forefront of bioprocess innovation.

About

Cambridge Healthtech Institute

Our Vision

At Cambridge Healthtech Institute (CHI), we believe bringing together a unique and diverse constellation of innovators, scientists, and life science professionals can hold the key to developing tomorrow's cures and diagnostics.

We are a life science network for leading researchers and business experts from top pharmaceutical, biotech, and academic organizations. CHI's product portfolio includes Cambridge Healthtech Institute Conferences, Barnett International, Insight Pharma Reports, and Cambridge Innovation Publishing, consisting of Bio-IT World, Clinical Informatics News, and Diagnostics World.
